

Warmer Friend

Sherman Keene

Been hanging 'round here much too long
I need out I need a windy song
Don't try to find me 'cause I'll be gone
Don't try to find me 'cause I'll be gone

Summer's loved and gone again
I'll go searching for a warmer friend
With her to warmer summers spend
With her to warmer summers spend

Change from minor to major finger picking solo

Change to minor

Things are moving much too fast
Got to slow down and make something last
So I can catch up with my past
So I can catch up with my past

Been hanging 'round here much too long
I need out I need a windy song
Don't try to find me 'cause I'll be gone
Don't try to find me 'cause I'll be gone
