

I Like You Venezuela

Sherman Keene

I come to Venezuela, I come to lend a helping hand
Teaching on the mountain, playing music with the band
I am a simple teacher, I just want to teach the rest
I like Caracas people, they make me feel best

CHORUS

Venezuela companeros, streetcar racing with my friends
Waiting at the green light, driving through the red
I like you Venezuela, you make me feel at home
I'm far from Santa Barbara, California is my home

Los Rocas tiny island, seaplane landing in the wind
Shining emerald water, feeling real good on my skin
Avila is guarding, white scarf flying in the wind
Keeping out the dark clouds, letting all the sunshine in

CHORUS

Soy un simple maestro, que solo quiero enseñar
Me gusta la gente de Caracas, con ellos me siento bien
Me gusta Venezuela, aquí me siento en casa
Estoy lejos de Santa Barbara, en California esta mi hogar
