

# Party Time

Sherman Keene

It's party time (let's go out and have a party)  
It's party time (let's go out and have some fun)  
It's party time  
It's party time (you know that you're the only one)

You are always after me  
To dance around and have a good time  
Baby I'm ready to go and dance  
Let's limo out and have a good time

I really like stepping out  
With a fox like you  
Especially because I know when we get back  
I know what you're gonna do

It's party time  
It's party time  
It's party time  
It's party time

If you are not quite ready  
You know you take your time  
The limo is right outside  
We'll leave in your good time

Let's go out and have a drink or two  
And have a real good time  
I really am in love with you  
I want you to be mine

It's party time  
It's party time  
It's party time  
It's party time

It's the last dance and the night is young  
I wanna dance with you  
You give me everything that you have  
I'm so in love with you

It's party time (let's go out and party)  
It's party time (let's go have a good time)  
It's party time (you know that you're the only one)  
It's party time (let's go out and have some fun)  
It's party time (let's go out and party)  
It's party time (let's go out and have some fun)  
It's party time (you know you're the only one)  
It's party time (let's go out and have a good time)
