

The Way You Smile

Sherman Keene

I love the way you smile, I love the way you laugh at me
And when we love awhile, the way that your love sets me
free

I wait for you the best I can, time slows down and
sometimes just stands still
I count the days as minutes babe, until the next time that I
can see you

CHORUS

Until I'm in your arms again, the sky will be a lot less blue
Until you put your arms around me, the sun's going to
shine a lot less too

Babe I want to show you how, we can feel when the
waiting is all done
Until I feel us both catch fire, your love comes to me even
through the wires

Chorus

Chorus

Bridge

I love the way you smile, I love the way you laugh at me
And when we love awhile, the way that your love sets me
free
