

When I First Met You

Sherman Keene

When I first met you
I didn't know what I was supposed to do
Back then you were with someone new
I didn't think I had a chance with you

I talked to you each day
Then one day my love was here to stay
Perhaps it's the things you say
Or maybe when you look at me that way

CHORUS

I always wanted you
Years and years before all this came true
I fell in love with you
Before all this came true
I fell in love with you

Now the time is right
I can be with you most every night
My favorite dream comes true
Waking up and find you there too

CHORUS

When I first met you
I didn't know what I was supposed to do

Back then you were with someone new
I didn't think I had a chance with you
